THE GAMBLER

Written by Don Schlitz
Published by Writers Night Music
© 1977

On a warm summer's evening on a train bound for nowhere, I met up with a gambler. We were both too tired to sleep.

So we took turns starin' out the window at the darkness 'till boredom overtook us and he began to speak.

He said, "Son I've made a life out of readin' people's faces and knowin' what their cards were by the way they held their eyes ..."

So I handed him my bottle and he drank down my last swallow ...

And the night got deathly quiet and his face lost all expression.

Said, "If you're gonna play the game, boy, you gotta learn to do it right."

You got to
know when
to hold 'em.
◀

Know when
to fold 'em ▶

Know when
to walk away
and know
when to run
...
◀

Every
gambler
knows that
the secret to
survivin' is
knowin' what
to throw away,
and knowin' what
to keep.
▶

Cause ev'ry
hand's a
winner, and
ev'ry hand's
a loser.
◀

And the best
that you can
hope for is
to die in
your sleep.

MOVIE

Why are there so many songs about rainbows and what's on the other side?

And rainbows have nothing to hide.

I know they're wrong; wait and see.

Rainbows are visions, but only illusions.

So we've been told, and some choose to believe it;

THE MUPPET MOVIE

Someday we'll find it, the rainbow connection,

The lovers,

the dreamers,

and me.

I WISH I WAS EIGHTEEN AGAIN

by Sonny Throckmorton

At a barn down in Dallas an old man chimed in and I thought he was out of his head. Just being a young man, I just laughed it off when I heard what that old man had said.

He said, "I'll never again turn the young ladies' heads."

Or go running off into the wind.

I'm three-quarters home from the start to the end.

I wish I was eighteen again.

I wish I was
eighteen
again, and
going where
I've never

But old folks
and old oaks

just pretend.
I wish I was

How time
turns the
pages, and
oh, life goes
so fast; the
years turn
the black
hair all gray. ◀

I talked to
some folks;
hey, they
don't

the words
this old
man's gotta
say. I wish I

THE CLASS OF '81

It's trying to get your homework done five minutes before it's due,
Taking tests without studying,
Getting to school one minute late,
Trying to run to class without getting caught.
It's play practice that's lots of fun,
Football, basketball, track, and other sports.
It's having fun without your friends for one final year.

by Gary Cassingham

Being a senior is like playing king on the mountain;
You have finally struggled up the hill and now you're the king.

There are a lot of good things about being a junior. You get to go to the prom and eat, not serve; wear a tux instead of a toga. You don't have to put up with upperclassmen because you are one.
by Read Cates

From academics to basketball,
Juniors always outclass them all.
Whether it's a stock show or a track meet,
We amazing juniors just can't be beat.
We never cheat, that wold be a sin.
We simply have what it takes to win.
We excell in whatever we do,
We're the class of '82.

Being a Junior is a feeling to wanting to leave everything having to do with school behind but yet wanting to save every minute we have left before taking the step to "The Senior Year" and onward to college on our own. The year will stay in our memories as the time when we started to become adults and left childhood behind.

by Lynne Mason

Through years of school
And to my parents surprise
I have become smarter
Taller and wise.
I've had demanding teachers
On my back
Scolding me for

Now I'm a Junior
And I know what's near
That's being a senior
With my Last Year.

 Fun-Doing all things that make up being a junior.

Being a Freshman is so exhilarating!
You have never really lived until,
While walking down the hall, a Senior,
Junior, or Sophomore, busy talking to
someone, runs smack dab into you.
This sends your books flying to the
floor, and they have the gall to say,
"Those clutzy Freshmen!"

BACK IN BLACK . . . DRESSED TO KILL

The 1980 Football season was a successful one, having a 7-3 record and entering the playoffs for the first time in several years as a Class B school and being the District B-1 Runners. The success of the team can be attributed to dedication, attitude, and tremendous team effort as well as great support from the faculty and student body.
